Build Your Agent

A clear job. The right knowledge. A human in the loop.

YOUR AGENT NAME

1 PURPOSE + RESPONSIBILITIES

Who does it support? What work is in scope?

Example: Help HR draft first-day welcome emails.

2 APPROVED KNOWLEDGE

Which approved sources should it use?

Example: Current templates, confirmed details, resource links.

3 TASK INSTRUCTIONS / SKILLS

Which recipe should it follow, and when?

Example: Use your welcome-email skill after details are confirmed.

4 BOUNDARIES + ACTIONS

What may it do? What stays human-owned?

Example: Draft and flag gaps. A person resolves, approves, sends.

5 OUTPUT + HUMAN HANDOFF

What does it return? Who approves and acts?

Example: Draft + subject + gaps; HR reviews and sends.

6 WORKFLOW FIT + TEST

Where does it fit? When should it ask for help?

Example: Test missing details, conflicts, and requests to send.

A focused agent. A human in control.

Start small. Test with approved or fictional information. Keep human approval where it matters.
